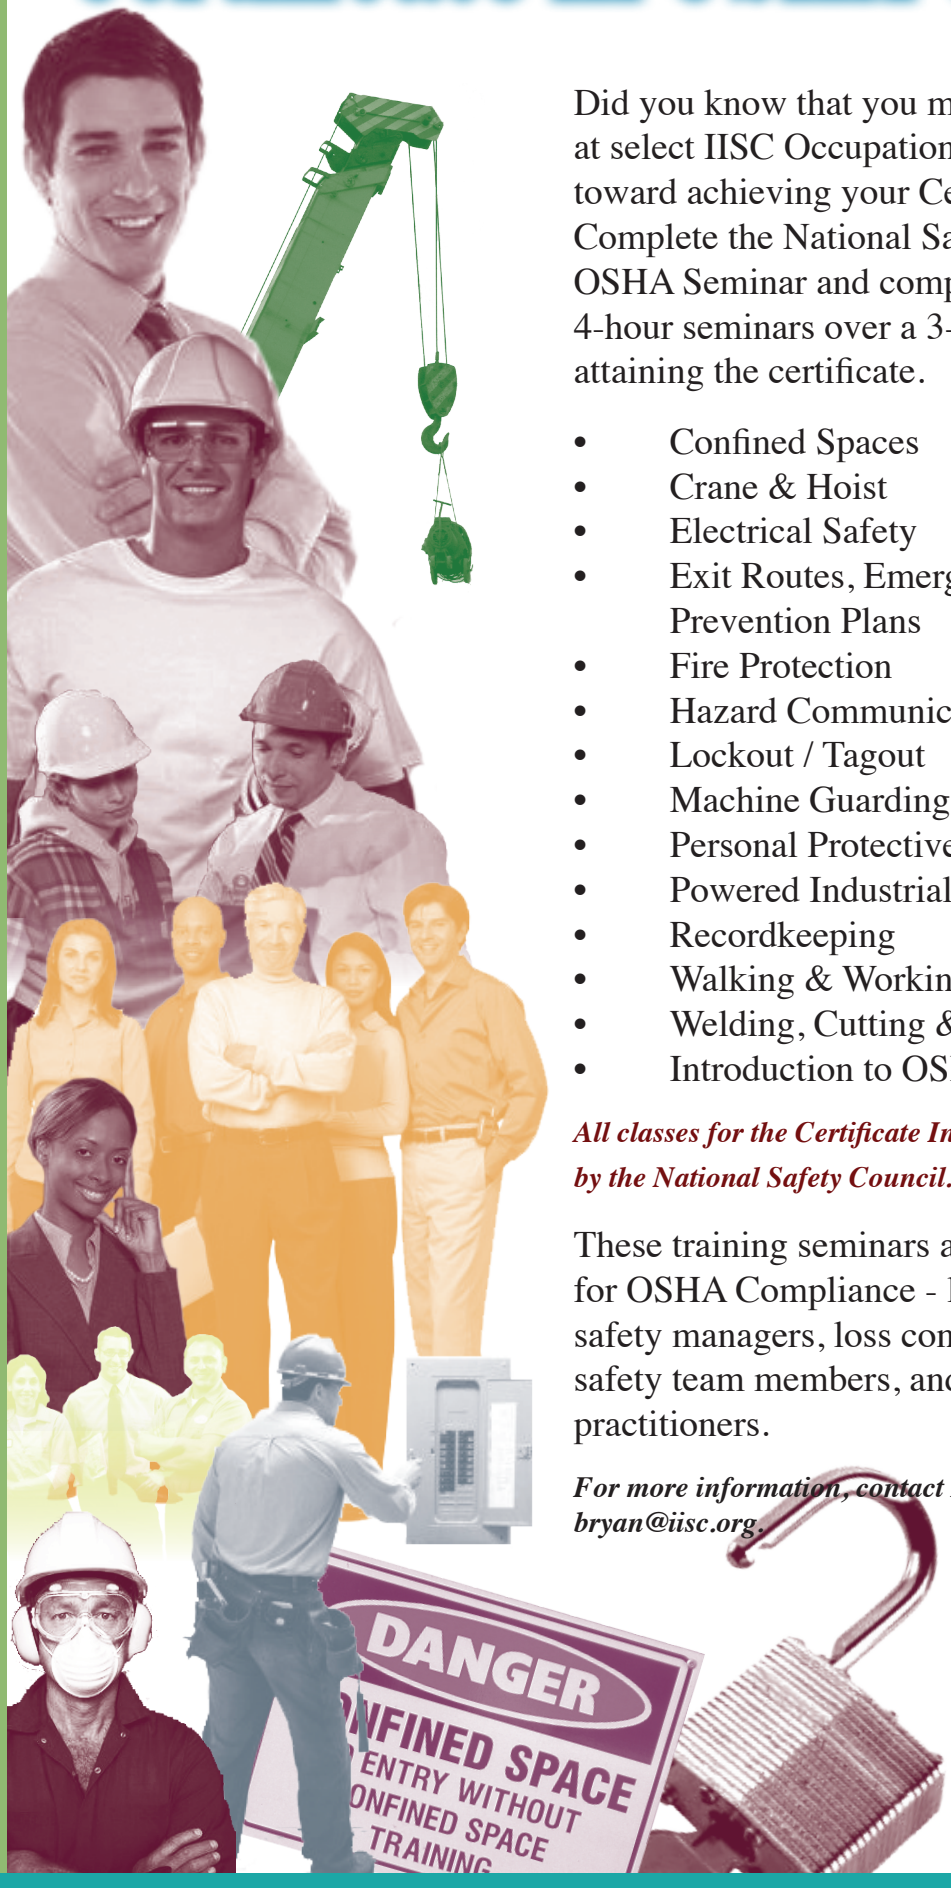
Certificate in OSHA Compliance



Did you know that you may be able to use your attendance at select IISC Occupational Safety & Health seminars toward achieving your Certificate in OSHA Compliance? Complete the National Safety Council's Introduction to OSHA Seminar and complete at least 5 of the following 4-hour seminars over a 3-year period to reach your goal of attaining the certificate.

- Confined Spaces
- Crane & Hoist
- Electrical Safety
- Exit Routes, Emergency Action Plans & Fire Prevention Plans
- Fire Protection
- Hazard Communication
- Lockout / Tagout
- Machine Guarding
- Personal Protective Equipment
- Powered Industrial Trucks
- Recordkeeping
- Walking & Working Surfaces
- Welding, Cutting & Brazing
- Introduction to OSHA

All classes for the Certificate In OSHA Compliance are awarded .4 CEUs by the National Safety Council.

These training seminars are designed for anyone responsible for OSHA Compliance - line workers, human resources, safety managers, loss control managers, safety coordinators, safety team members, and entry-level or part-time safety practitioners.

For more information, contact Bryan Doty at 800-568-2495 ext. 221 or bryan@iisc.org.
