

Safety Coordinator, Atlantic Iowa

This position will be responsible for:

- Monitoring working conditions to ensure compliance with state and federal safety regs
- Ensuring development, implementation and updating of required written safety and health programs and plans
- Enforcing company health and safety guidelines
- Providing workplace safety training
- Heading safety and ergonomic committees
- I'm looking for candidates who have:
- 3+ years experience in safety or a related role
- Experience in a manufacturing environment
- Knowledge of safety principles and practices
- Ability to define problems, collect data, establish facts and draw valid conclusions
- Excellent communication and interaction skills with all levels of staff and management
- Ability to ensure confidentiality

The company offers a competitive salary and a good benefits package including an Employee Stock Ownership Plan.
