AGENDA

8:30 am - Registration Open

9:00 - 10:00 am

What are the Consequences of Opioid Abuse and Why Should We Care?

- Rex Butler - Manager, Environmental & Safety
Central Iowa Power Cooperative (CIPCO) - Des Moines, IA
During this session Rex will share personal anecdotes to help humanize the problem for attendees and discuss the good and bad repercussions of advocating for legislation and medical practices designed to curb non-fatal and fatal overdoses. This presentation will be thought-provoking and will help explain why every person in the room needs to be concerned about the abuse of opioids.

10:00 - 11:00 am

Opioids in the Workplace, How Did We Get Here and What is Being Done?

- Kevin W. Techau - Attorney
Smith, Mills & Schrock Law - Cedar Rapids, IA
This session by a former United States Attorney with front-line perspective and experience with workplace related opioid issues will examine the origin and impact of the opioid crisis in Iowa; across the country and in the workplace. An overview of where things stand in 2018 and details on what is being done at all levels of government to address opioid abuse issues will be given.

11:00 am - Break

11:15 am - 12:15 pm

Drug Abuse in Iowa: Evolving Threats, Impacts and Responses

- Dale R. Woolery - Acting Director
Iowa Governor's Office of Drug Control Policy
Des Moines, IA
Even as Iowa is reported to have the nation's lowest rate of illicit drug use... overdose deaths in the State are rising as part of the U.S. opioid epidemic, methamphetamine has a stronger presence than ever, and changes in marijuana potency and policy are at the center of continued debate. Data show recent developments involving addictive substances are affecting Iowans at home, in the community, and on the job. Strategies are also changing to address these and other emerging trends in Iowa, to reduce drug abuse and related risks.

12:15 - 12:45 pm - Lunch

12:45 - 1:45 pm

Employer/Employee Considerations Regarding Possible Addiction

- Kim Brangoccio, LMFT, IAADC, CEAP
Manager Powell Chemical Dependency and Employee Assistance Program - Iowa Lutheran Hospital
UnityPoint Health - Des Moines, IA
In this session Kim will discuss the differences between opioid dependence vs. addiction, the characteristics of each, and the importance of the correct diagnosis. Kim will also discuss traditional and medication-assisted treatments and pros and cons of each. Additionally this session will help you identify at Risk Employees by looking at Work Performance, Depression/Anxiety, Chronic Pain, Absenteeism, and changes in behaviors, relationships, and interactions. Finally, Kim will discuss the P.M.P., Prescription Monitoring Program, what it is, and how it helps physicians and prescribers. The session will end by talking about Employee Assistance Programs, and Treatment Programs.

1:45 - 2:00 pm - Break

2:00 - 3:00 pm

What a Drug-Free Workplace Means to Employers

- Cherrie Spurlin - Member Relations Manager
MRA - Moline, IL
- Hilary Cole - Chemical Dependency Counselor
UnityPoint Health - St. Luke's - Cedar Rapids, IA
Cherrie and Hilary will discuss the policies, procedures and training you need to make sure your company is compliant with Iowa and DOT drug testing regulations. They will discuss what employers should know when investigating drug use in the workplace in relation to workers compensation claim, FMLA and protected classes. They will help you gain an understanding of third party involvement in the process and how you can internally manage a drug-free workplace program. Their real life examples and statistics show the impact and risk opioids and drugs bring to a company. This information will help guide you through developing and sustaining a drug-free workplace program.

3:00 pm - Closing comments

Work. Home. Community
A Chapter of the National Safety Council

The Iowa-Illinois Safety Council (IISC) is a nonprofit organization in West Des Moines, Iowa, supported by approximately 1,000 members and locations throughout Iowa and Illinois. IISC is a local chapter of the National Safety Council and provides a wide variety of safety information, seminars, and services to members in an effort to reduce accidents or injuries and the extraordinary costs associated with them.

IISC is here to help business and industry with their safety, health, and environmental programs; for both on the job and off the job. IISC is one of the few resource organizations that will help you comply with the law and guidelines and keep you up to speed on new and changing regulations.
