About the Class

The Supervisors' Safety Development Program trains supervisors and managers to incorporate best safety practices into their daily management activities.

A key feature of the program requires participants to demonstrate they have acquired the knowledge and skills from training and are prepared to implement them in the workplace.

Who Should Attend?

- New supervisors and managers
- Experienced supervisors and managers seeking refresher training or additional education

Training Goal

To equip supervisors and managers with the knowledge, leadership skills and methods to apply safety as part of their responsibilities and become effective safety leaders and advocates.

What You'll Learn

Supervisors and managers learn how to incorporate safety and health into their daily management process. Key learning includes...

- How to confidently address critical safety and health issues
- How to enhance safety responsibilities and safety management systems, including safety inspections, incident investigations, safety meetings and employee engagement
- Identification and control of hazards, incident prevention, OSHA compliance, and continuous improvement in all areas of safety and health
- How to promote a positive safety culture
- Learning to support workers with on-going safety training, on-the-job training and promoting safe behavior

Train-the-Trainer Packaged Program Contents

This information will be covered during the seminar for ALL registrants, however the following items are only included in the NSC Facilitator Kit price.

- Facilitator Guide
- Introduction and preparation
- Module exams
- Final exam
- 16 instructional modules
- Facilitator PowerPoint® presentations with embedded videos on DVD - (4 disk set) and CD (2 disk set)
- Supervisors' Safety Manual, 10th Edition

ABOUT THE TRAINERS

Jim Silvers • Director of Program Development & Training • Iowa-Illinois Safety Council

Jim is identifiably qualified as an occupational safety and health trainer by several years of experience. He has 19 years of manufacturing experience, 4.5 years in the chemical industry. He also has 10 years of conducting on-site inspections across the country. Jim has an extensive background and knowledge in OSHA compliance and is an authorized Outreach instructor for OSHA 10 Hour, 30 Hour. Jim's experience also extends into Industrial Hygiene, HAZWOPER, and Medical Team training.

Jim has a personal commitment to assist you in creating a strong safety culture within your individual organizations.

Tony Westendorf • Trainer/Consultant • Iowa-Illinois Safety Council

Tony brings a diverse background of 14 years in manufacturing while also serving on safety committees. He has been a fire fighter for almost 31 years and has also trained fire fighters for over 20 years while being an EMT for 14 years. Tony was also a Safety Coordinator for 2 years at a casino/hotel. Tony holds certifications as a FF II, Fire Instructor II, Fire Pump Operator Driver Instructor, NIMS Instructor, and Haz. Mat. Ops level certified and CPR First Aid Instructor. He has a BA in Fire Science with the emphasis being in fire administration and fire prevention, as well as an AA in business.
